

Please see below for 2 new electives for AY21 catalog.

Elective 1

Name: Z-VESUP In-Person for URM Applicants

Dates: block 4 and block 5

Allowed: MD and DO students

Format: in-person clinical elective

Requirements: standard (CV, PS, transcript, Step 1) plus Z-VESUP application (upload by student) and faculty LOR (upload by school)

Catalog Description:

The ZSOM & ZHH Visiting Elective for Students Underrepresented in Psychiatry (Z-VESUP) is intended for students who identify with racial/ethnic groups underrepresented in US medicine, namely: Black/African-American, Latinx/Hispanic, Native American/Alaska Native, and Pacific Islander/Native Hawaiian.

Zucker Hillside Hospital is committed to fostering an inclusive learning community where our residents develop into outstanding clinicians, educators, researchers, and leaders who will promote health and address health disparities at the local, national, and global levels. This visiting elective offers talented medical students from groups underrepresented in psychiatry a clinical experience in our academic department and free-standing psychiatric hospital serving Queens and Long Island.

In 2021, the elective will be offered as either in-person or virtual. There are separate elective listings for the in-person and virtual formats, and applicants who wish to be considered for either format should rank both electives.

The in-person elective will have the following features:

- Scholars will be embedded in a team of faculty and residents working on an inpatient or consultation-liaison service.
- Weekly experiences in ambulatory or emergency psychiatry and any subspecialties (e.g., college, peripartum, geriatric, CAP, substance, ECT, etc.), based on scholar interest and availability
- Departmental grand rounds, residency didactics, and special topic workshops
- Scholars will meet with the resident RISE committee (dismantling Racial Injustice and promoting Systemic Equity) and faculty advisors, for social and networking activities
- Stipend of up to \$2000 may be available to defray travel and living expenses

Elective 2

Name: Z-VESUP Virtual for URM Applicants

Dates: block 4 and block 5

Allowed: MD and DO students

Format: fully virtual

Requirements: standard (CV, PS, transcript, Step 1) plus Z-VESUP application (upload by student) and faculty LOR (upload by school)

In 2021, the elective will be offered as either in-person or virtual. There are separate elective listings for the in-person and virtual formats, and applicants who wish to be considered for either format should rank both electives.

The virtual elective will have the following features:

- Scholars will be embedded on a consultation-liaison or partial hospitalization service, using telehealth technology to participate in clinical care remotely from home
- Weekly experiences in ambulatory or urgent care psychiatry and any subspecialties (e.g., college, peripartum, geriatric, CAP, substance, ECT, etc.), based on scholar interest and availability
- Departmental grand rounds, residency didactics, and special topic workshops
- Scholars will meet with the resident RISE committee (dismantling Racial Injustice and promoting Systemic Equity) and faculty advisors, for social and networking activities
